

HARDCOVER BOOK

Dinah has two hardcover books available. Both are lovely coffee table books that feature her stunning color and abstract photography. At approximately 8"x8," many images fill the entire page. Text is minimal, but some biographical information is included.

For an additional \$15 fee, you can have your book customized with a specific image on the cover -- perhaps a print you just purchased for your home or office. Or if you are giving a print as a gift, consider giving a book with the matching image on the book cover to go with it.

Some of Dinah's customers give this book to their clients, or a loved one, and let them choose the image of their choice and then place an order — all part of a gift.
